**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1-10 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The Applicants' remarks filed and dated on 12/13/2004 was carefully reviewed. The update searches were also performed. The closest references found are Kaewell et al. (U.S. pat. #: 6,243,399 and 5,666,355). In the Kaewell et al reference, a backup battery is provided with a ring signal generator performed in power consumption. However, Kaewell et al. fails to clearly teach or fairly suggest the feature of "...an integrated service hub on a customer premises converting digital network signals to analog telephone signals for a plurality of telephone circuits on the customer premises...," as substantially described and connected to claims 1 and 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
